EZIO Debuts First Magnesium Bumper for Sony SmartWatch2

Easily transform your SmartWatch2 into fashionable and refined tech wear.

EZIO, the first multi-function Refined TechWear producer, announced today the launch of the first Magnesium bumper for Sony SmartWatch2. The EZIO accessory makes it easy to transition from work to your workout by offering a large range of colors to match your daily outfit.

The EZIO Bumpers transforms your Sony SmartWatch2 into a robust yet high fashion timepiece designed by EZIO design team from Italy.

Forged and Machined Aircraft Grade Magnesium Alloy which is lightest and strongest structural metal.

Simple to snap onto the SmartWatch2 with locking clip

Direct access to the main button.

Stainless Steel Locking Hardware

The EZIO Magnesium Bumpers for Sony SmartWatch2 retails for \$ 29.95. For more information visit www.eziolifestyle.com.

About EZIO

EZIO has a long history of introducing high quality and cutting-edge wearable technology to consumers. Creators of Bluetooth enabled watches with a variety of functionality levels and Bluetooth eyewear, EZIO is on the front lines of advancing mobile communication. EZIO's latest Bluetooth product line is a mash-up of high fashion and hi-tech resulting in the world's first collection of haute couture watches and jewelry that are Bluetooth enabled.
